

A meeting with Ambassador of Nepal

Dr. Lawson, Dr Scarcella and I had a meeting with Dr. Shankar P. Sharma, the Ambassador of Nepal and DCM Mr. Arjun Kant Mainali at the Nepalese Embassy in Washington DC. We were warmly welcomed by the Ambassador. Dr. Scarcella gave an introduction on Embassy Disaster Preparedness on how it was established, its purpose and demonstrated its webpage in WPS website. Dr. Sharma acknowledged its importance stating how even the natural disasters like recent DC thunderstorm and Colorado massacre can affect an individual. Dr. Lawson gave a view on how we will be able to assist as a liaison during the time of disaster. Dr. Lawson holds a strong interest in Mental Health and illness in Nepal so we also discussed about the raising suicide rate in Nepal.

Dr. Scarcella specially thanked Ambassador Dr. Sharma for responding to our call for EDP for Nepalese Embassy very swiftly within very short duration of time.
