WPA 2013 Bucharest Congress
The Palace of Parliament
Bucharest, ROMANIA
10-13 April, 2013

The Congress will focus on practical applications of primary care, mental health & public health integration - through identifying national and regional challenges, stimulating collaborations, creative integrative solutions, and sharing evidence of best practices & lessons learned to strengthen & modernize health systems.

It will be organized in plenary, keynote and professorial lectures, symposia, workshops, free paper presentations, posters and debates. There will be a designated countries' track, to stimulate and facilitate mental health, primary care and public health integration at local, national and regional levels.

The congress leading topics are the following:

- Populations' health promotion, protection, illness prevention
- Training, education, mentoring, leadership, ethics
- Non-communicable diseases and comorbidity research
- Health systems' modernization, strengthening & health policies
- Information, communication technology & new models of integrated care
- New Research: Integrated, Collaborative care, access, quality, cost, outcomes
- Advocacy models in integrated health care systems
- Eurasia & Southeast Europe: country reports

Have you got a new research or best practices project that you would like to share with thousands of delegates at the WPA 2013 Bucharest Congress? Would you like to learn about integrated health and what it means for you and your patients? If you do, please join us and bring your creative ideas & projects. We look forward to welcoming you all in beautiful Bucharest in bloom in April 2013!
